Transport Infrastructure

WORKSHOP

THE IMPACT OF CLIMATE CHANGE AND EXTREME EVENTS ON PORT INFRASTRUCTURE

TUE 13 MAY 2025 | 9AM - 5PM

ENGINEERS AUSTRALIA
LEVEL 9/340 ADELAIDE ST
BRISBANE, QLD

MEMBERS \$50

NON-MEMBERS \$75

STUDENTS FREE

SYNOPSIS:

Climate change and extreme weather events pose growing challenges to the resilience of port infrastructure, affecting operations today and threatening greater impacts in the future. What steps can Queensland's ports take to mitigate and adapt to these challenges? Join us in Brisbane for an engaging full-day workshop hosted by PIANC AU-NZ. This event will bring together industry experts to explore current issues and share innovative solutions for the sustainability of port infrastructure.

Highlights of the day include:

- 08:30am - 09:00am Registration
- 09:00am - 09:15am Introduction and Welcome
- 09:15am - 10:30am **Session 1 - Understanding climate change and cyclones in QLD**
- 11:00am - 12:30pm **Session 2 - Tropical Cyclone Alfred Experiences**
- 13:30pm - 15:00pm **Session 3 - Planning for Climate Change Adaptation Across QLD Ports**
- 15:30pm - 17:00pm **Panel Discussion: Adopting Climate Change Strategies for QLD Ports**
- 17:00pm - 18:00pm Networking
