PORT TOUR

PORT OF BRISBANE RECLAMATION PRESENTATION & CRUISE TERMINAL TOUR

THU 11 JUNE '26 | 2PM – 4PM

BRISBANE INTERNATIONAL
CRUISE TERMINAL

MEMBERS \$30
NON-MEMBERS \$50
STUDENTS FREE

SYNOPSIS:

Join PIANC for an insightful industry site tour exploring two significant maritime infrastructure initiatives in Brisbane.

The event will begin with a presentation from the Port of Brisbane on its dredging and reclamation works, including the beneficial reuse of dredged material. Attendees will hear an update on the project, key outcomes to date, and the engineering and design challenges involved in delivering this important piece of port infrastructure.

This will be followed by a guided tour at the Brisbane International Cruise Terminal, providing a behind-the-scenes look at the maritime design and environmental considerations that shaped the project. The tour will also reflect on how the facility has performed since opening, including operational lessons and project outcomes.

Following the technical tour, attendees are invited to continue the conversation over networking drinks and nibbles in the city, providing an excellent opportunity to connect with industry peers.

For convenience, bus transfers will be provided from the city to the site and return, for those who prefer not to drive. The bus will depart from near Central Station, with more information provided closer to the event.
